Overview

Greetings and a warm welcome to the " Master ISO 45001 Occupational Health & Safety Management System" course! Empower your workplace with safety excellence through a transformative learning journey meticulously designed to equip you with tools and knowledge to implement ISO 45001 OH&SMS at your workplace.

Over the training, we will dive into the fundamentals of ISO 45001, providing a comprehensive understanding of its structure and requirements. We will discuss the benefits of implementing an OH&SMS in workplaces, its history, and the PDCA cycle. Moving forward, we will explore the structure of OH&SMS and how to implement each stage, including context of organization, leadership and worker participation, planning, support, operation, performance evaluation, and improvement.

By the end of this course, you'll be equipped to play a vital role in creating a culture of safety within your organization. You'll possess the necessary knowledge and skills to develop, implement, and maintain a world-class OH&SMS that prioritizes the well-being of your workforce and fosters a safe and productive work environment. Join this immersive learning experience and tailored to elevated safety practices to new heights!

TRAINER PROFILE

Polite Nhokovedzo

Bsc in Environmental Science, Msc in Environmental Economics and Development.

**ISO Lead Auditor for ISO9001, ISO 22301, ISO 27001, ISO 45001, ISO 14001, and
Certified Lead Risk Manager ISO 31000**

Polite Nhokovedzo is a seasoned sustainability professional with over 8 years of diverse industry experience in manufacturing, mining, construction, and finance. With a strong systems background and expertise in ISO certifications, he has successfully led numerous organizations to certification in ISO standards across Africa, while also acting as an ISO lead auditor in various standards, including ISO 9001, ISO 22301, ISO 27001, ISO 45001, ISO 14001, and ISO 31000.

A dynamic and results-driven leader, Polite holds an impressive array of credentials, including a BSc in Environmental Science, an MSc in Environmental Science, an Mcomm in Environmental Economics and Development, and a certification in Lead Risk Management. Throughout his career, he has consistently delivered sustainable solutions to complex environmental challenges, demonstrating his unwavering commitment to promoting environmental stewardship and corporate responsibility.

In his role as a sustainability professional, Polite offers a unique blend of technical expertise, business acumen, and interpersonal skills, making him a valuable asset to any organization seeking to enhance its environmental and social performance.

Polite's passion for sustainability extends beyond his professional life, as he is an active contributor to various environmental initiatives and advocacy groups, and frequently speaks at conferences and workshops on the importance of sustainability in business.

Throughout his career, Polite has consistently demonstrated a deep understanding of the interconnectivity of social, environmental, and economic factors, and has used this knowledge to drive positive change in organizations of all sizes and sectors.
